We've got you under our wing.®

AFLAC GROUP CRITICAL ILLNESS INSURANCE

Policy Series CAI2800

Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help but notice the strain it's placed on the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that just aren't covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

That's the benefit of an Aflac group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as cancer, a heart attack or a stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction and stress over out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

Understanding the facts can help you decide if the Aflac group Critical Illness plan makes sense for you.

FACT NO. 1

AN ESTIMATED **82.6** MILLION

AMERICAN ADULTS—GREATER THAN 1 IN 3—HAVE ONE OR MORE TYPES OF CARDIOVASCULAR DISEASE (CVD).¹

FACT NO. 2

MORE THAN **\$44** BILLION

IN EXPENSES MADE CORONARY ARTERY DISEASE THE MOST EXPENSIVE CONDITION TREATED IN 2004.²

¹ & ² <http://circ.ahajournals.org/content/125/1/e2.full>

Here's why the Aflac group Critical Illness plan may be right for you.

For almost 60 years, Aflac has been dedicated to helping provide individuals and families peace of mind and financial security when they've needed it most. The Aflac group Critical Illness plan is just another innovative way to help make sure you're well protected under our wing.

But it doesn't stop there. Having group Critical Illness insurance from Aflac means that you may have added financial resources to help with medical costs or ongoing living expenses.

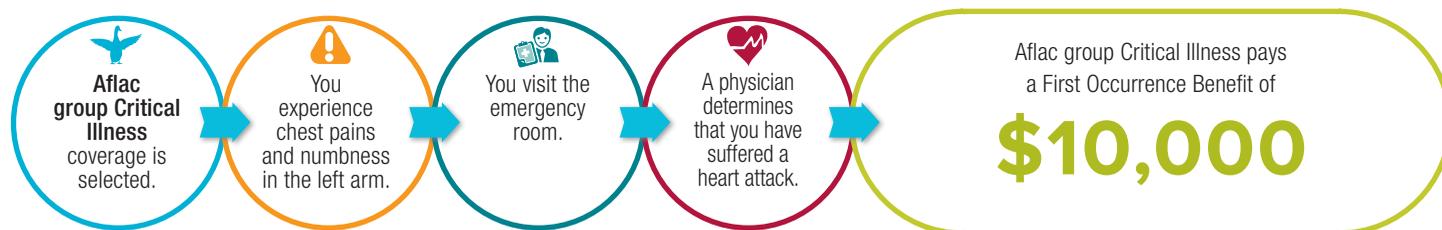

The Aflac group Critical Illness plan benefits include:

- Critical Illness Benefit payable for:
 - Cancer
 - Heart Attack (Myocardial Infarction)
 - Stroke
 - Major Organ Transplant
 - End-Stage Renal Failure
 - Coronary Artery Bypass Surgery
 - Carcinoma In Situ
- Health Screening Benefit

Features:

- Benefits are paid directly to you unless you choose otherwise.
- Coverage is available for you, your spouse/domestic partner, and dependent children.
- Coverage is portable (with certain stipulations). That means you can take it with you if you change jobs or retire.
- Fast claims payment. Most claims are processed in about four days.
- If you are deemed ineligible due to a previous medical condition, you still retain the ability to purchase spouse/domestic partner coverage.

How it works

Amount payable based on \$10,000 First Occurrence Benefit.

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

For more information, ask your insurance agent/producer, call 1.800.433.3036, or visit aflacgroupinsurance.com.

Benefits Overview

COVERED CRITICAL ILLNESSES:

CANCER (Internal or Invasive)	100%
HEART ATTACK (Myocardial Infarction)	100%
STROKE (Apoplexy or Cerebral Vascular Accident)	100%
MAJOR ORGAN TRANSPLANT	100%
END-STAGE RENAL FAILURE	100%
CARCINOMA IN SITU (Payment of this benefit will reduce your benefit for cancer by 25%.)	25%
CORONARY ARTERY BYPASS SURGERY (Payment of this benefit will reduce your benefit for heart attack by 25%.)	25%

FIRST OCCURRENCE BENEFIT

After the waiting period, a lump sum benefit is payable upon initial diagnosis of a covered critical illness. Employee benefit amounts are available from \$5,000 to \$50,000. Spouse/domestic partner coverage is also available in benefit amounts up to \$25,000, not to exceed one half of the employee's amount. Recurrence of a previously diagnosed cancer is payable provided the diagnosis is made when the certificate is in-force, and provided the insured is free of any signs or symptoms of that cancer for 12 consecutive months, and has been treatment-free for that cancer for 12 consecutive months.

ADDITIONAL OCCURRENCE BENEFIT

If you collect full benefits for a critical illness under the plan and later are diagnosed with one of the remaining covered critical illnesses, then we will pay the full benefit amount for each additional illness. Occurrences must be separated by at least six months or for cancer at least six months treatment free.

REOCCURRENCE BENEFIT

If you collect full benefits for a covered condition and are later diagnosed with the same condition, we will pay the full benefit again. The two dates of diagnosis must be separated by at least 12 months, or for cancer at least 12 months treatment-free. Cancer that has spread (metastasized), even though there is a new tumor, will not be considered an additional occurrence unless you have gone treatment-free for 12 months.

CHILD COVERAGE AT NO ADDITIONAL COST

Each dependent child is covered at 50 percent of the primary insured's benefit amount at no additional charge.

HEALTH SCREENING BENEFIT (Employee and Spouse/domestic partner only)

After the waiting period, you may receive a maximum of \$75 for any one covered health screening test per calendar year. We will pay this benefit regardless of the results of the test. Payment of this benefit will not reduce the critical illness benefit payable under the plan. There is no limit to the number of years you can receive the Health Screening Benefit; it will be payable as long as coverage remains in force. This benefit is only payable for health screening tests performed as the result of preventive care, including tests and diagnostic procedures ordered in connection with routine examinations. This benefit is payable for the covered employee and spouse/domestic partner. **This benefit is not paid for dependent children.**

COVERED HEALTH SCREENING TESTS INCLUDE:

- Mammography
- Colonoscopy
- Pap smear
- Breast ultrasound
- Chest X-ray
- PSA (blood test for prostate cancer)
- Stress test on a bicycle or treadmill
- Bone marrow testing
- CA 15-3 (blood test for breast cancer)
- CEA (blood test for colon cancer)
- Flexible sigmoidoscopy
- Hemocult stool analysis
- Serum protein electrophoresis (blood test for myeloma)
- Thermography
- Fasting blood glucose test
- Serum cholesterol test to determine level of HDL and LDL
- Blood test for triglycerides

ADDITIONAL BENEFITS RIDER (This benefit is paid based on your selected benefit amount.)

PARALYSIS	100%
SEVERE BURNS	100%
COMA	100%
LOSS OF SPEECH / SIGHT / HEARING	100%

OCCUPATIONAL HIV RIDER

100%

This benefit pays the applicable maximum benefit amount for the initial positive diagnosis of occupational human immunodeficiency virus (HIV), as a result of a covered injury. This benefit is payable once, and once the benefit is paid, coverage for that individual will terminate.

This benefit is paid based on your selected Critical Illness Benefit amount.

LIMITATIONS AND EXCLUSIONS

If the coverage outlined in this summary will replace any existing coverage, please be aware that it may be in your best interest to maintain your individual guaranteed-renewable policy.

IF DIAGNOSIS OCCURS AFTER THE AGE OF 70, HALF OF THE BENEFIT IS PAYABLE.

The plan contains a 30-day waiting period. This means that no benefits are payable for anyone who has been diagnosed before your coverage has been in force 30 days from the effective date. If you are first diagnosed during the waiting period, benefits for treatment of that critical illness will apply only to loss starting after 12 months from the effective date or the employee can elect to void the coverage and receive a full refund of premium.

The applicable benefit amount will be paid if: the date of diagnosis is after the waiting period; the date of diagnosis occurs while the certificate is in force; and the cause of the illness is not excluded by name or specific description.

EXCLUSIONS

Benefits will not be paid for loss due to:

- Intentionally self-inflicted injury or action;
- Suicide or attempted suicide while sane or insane;
- Illegal activities or participation in an illegal occupation;
- War, whether declared or undeclared or military conflicts, participation

in an insurrection or riot, civil commotion or state of belligerence; or

- Pre-Existing Conditions (except as stated below).

No benefits will be paid for loss which occurred prior to the effective date.

No benefits will be paid for diagnosis made or treatment received outside of the United States.

PRE-EXISTING CONDITION LIMITATION

Pre-Existing Condition means a sickness or physical condition which, within the 6-month period prior to the effective date, resulted in you receiving medical advice or treatment.

We will not pay benefits for any critical illness starting within 12 months of the effective date which is caused by, contributed to, or resulting from a pre-existing condition. A claim for benefits for loss starting after 12 months from the effective date will not be reduced or denied on the grounds that it is caused by a pre-existing condition. A critical illness will no longer be considered pre-existing at the end of 12 consecutive months starting and ending after the effective date.

Applicable to Cancer and/or Carcinoma in Situ: If all other plan provisions are met, recurrence of a previously diagnosed cancer will not be reduced or denied provided the diagnosis is made when the certificate is in-force, and provided the insured is free of any signs or symptoms of that cancer for 12 consecutive months, and has been treatment-free for that cancer for 12 consecutive months.

TERMS YOU NEED TO KNOW

The **Effective Date** of your insurance will be the date shown on the certificate schedule.

Employee means the insured as shown on the certificate schedule.

Spouse/Domestic Partner means your legal wife or husband.

Dependent Children means your natural children, step-children, foster children, legally adopted children or children placed for adoption, who are under age 26.

Your natural children born after the effective date of the rider will be covered from the moment of live birth. No notice or additional premium is required.

Coverage on dependent children will terminate on the child's 26th birthday. However, if any child is incapable of self-sustaining employment due to mental or physical handicap and is dependent on his parent(s) for support, the above age 26 shall not apply. Proof of such incapacity and dependency must be furnished to us within 31 days following such 26th birthday.

Treatment means consultation, care, or services provided by a physician, including diagnostic measures and taking prescribed drugs and medicines.

Treatment Free means a period of time without the consultation, care or services provided by a physician including diagnostic measures and taking prescribed drugs and medicines. For the purpose of this definition treatment does not include maintenance drug therapy or routine follow-up visits to verify if cancer or carcinoma in situ has returned.

Maintenance Drug Therapy means ongoing hormonal therapy, immunotherapy or chemo-prevention therapy that may be given following the full remission of a cancer due to primary treatment. It is meant to decrease the risk of cancer recurrence rather than the palliative or suppression of a cancer that is still present.

Major Organ Transplant means undergoing surgery as a recipient of a transplant of a human heart, lung, liver, kidney, or pancreas.

Myocardial Infarction (Heart Attack) means the death of a portion of the heart muscle (myocardium) resulting from a blockage of one or more coronary arteries. Heart attack does not include any other disease or injury involving the cardiovascular system. Cardiac arrest not caused by a myocardial infarction is not a heart attack. The diagnosis must include all of the following criteria:

1. New and serial electrocardiographic (EKG) findings consistent with myocardial infarction; 2. Elevation of cardiac enzymes above generally accepted laboratory levels of normal in case of creatine phosphokinase (CPK), a CPK-MB measurement must be used; and 3. Confirmatory imaging studies such as thallium scans, MUGA scans, or stress echocardiograms.

Stroke means apoplexy (due to rupture or acute occlusion of a cerebral artery), or a cerebral vascular accident or incident which begins on or after the coverage effective date. Stroke does not include transient ischemic attacks and attacks of vertebrobasilar ischemia. We will pay a benefit for stroke that produces permanent clinical neurological sequela following an initial diagnosis made after any applicable waiting period. We must receive evidence of the permanent neurological damage provided from computed axial tomography (CAT scan) or magnetic resonance imaging (MRI). Stroke does not mean head injury, transient ischemic attack, or chronic cerebrovascular insufficiency.

Cancer (Internal or Invasive) means a malignant tumor characterized by the uncontrolled growth and spread of malignant cells and the invasion of distant tissue. Cancer includes leukemia. Excluded are cancers that are noninvasive, such as (1) Premalignant tumors or polyps; (2) Carcinoma in Situ; (3) Any skin cancers except melanomas; (4) Basal cell carcinoma and squamous cell carcinoma of the skin; and (5) Melanoma that is diagnosed as Clark's Level I or II or Breslow thickness less than .77 mm.

Cancer is also defined as a disease which meets the diagnosis criteria of malignancy established by The American Board of Pathology after a study of the histocytologic architecture or pattern of the suspect tumor, tissue, or specimen.

Carcinoma in Situ means cancer that is in the natural or normal place, confined to the site of origin without having invaded neighboring tissue.

End-Stage Renal Failure means the end-stage renal failure presenting as chronic, irreversible failure of both of your kidneys to function. The kidney failure must necessitate regular renal dialysis, hemodialysis or peritoneal dialysis (at least weekly); or which results in kidney transplantation. Renal failure is covered, provided it is not caused by a traumatic event, including surgical traumas.

Coronary Artery Bypass Surgery means undergoing open heart surgery to correct narrowing or blockage of one or more coronary arteries with bypass grafts, but excluding procedures such as, but not limited to balloon angioplasty, laser relief, stents or other nonsurgical procedures.

Doctor or Physician means any licensed practitioner of the healing arts acting within the scope of his license in treating a critical illness. It doesn't include an insured or their family member.

PORTABLE COVERAGE

When coverage would otherwise terminate because you end employment with the employer, coverage may be continued. You may continue the coverage that is in force on the date employment ends, including dependent coverage then in effect. You must apply to us in writing within 31 days after the date that the insurance would terminate.

You may be allowed to continue the coverage until the earlier of the date you fail to pay the required premium or the date the group master policy is terminated. Coverage may not be continued if you fail to pay any required premium or the group master policy terminates.

TERMINATION

Coverage will terminate on the earliest of: (1) The date the master policy is terminated; (2) The 31st day after the premium due date if the required premium has not been paid; (3) The date the insured ceases to meet the definition of an employee as defined in the master policy; or (4) The date the employee is no longer a member of the class eligible.

Coverage for an insured spouse/domestic partner or dependent child will terminate the earliest of: (1) the date the plan is terminated; (2) the date the spouse/domestic partner or dependent child ceases to be a dependent; (3)

the premium due date following the date we receive your written request to terminate coverage for his or her spouse/domestic partner and/or all dependent children.

ADDITIONAL BENEFITS RIDER

If diagnosis occurs after the age of 70, half of the benefit is payable. If the coverage outlined in this summary will replace any existing coverage, please be aware that it may be in your best interest to maintain your individual guaranteed-renewable policy.

The coverage in this plan summary contains a 30-day waiting period. This means no benefits are payable for any insured who has been diagnosed before his or her coverage has been in force 30 days from the effective date. If an insured is first diagnosed during the waiting period, benefits for treatment of that specified critical illness will apply only to loss commencing after 12 months from the effective date; or, you may elect to void the certificate from the beginning and receive a full refund of premium. The date of diagnosis of a specified critical illness must be separated from the date of diagnosis of a subsequent different critical illness by at least 6 months.

The applicable benefit amount will be paid if the date of diagnosis is after the waiting period; the date of diagnosis occurs while the rider is in force; and the cause of the illness is not excluded by name or specific description.

Benefits will not be paid for loss due to: (1) Intentionally self-inflicted injury or action; (2) Suicide or attempted suicide while sane or insane; (3) Illegal activities or participation in an illegal occupation; (4) War, whether declared or undeclared, or military conflicts, participation in an insurrection or riot, civil commotion or state of belligerence. No benefits will be paid for diagnosis made outside the United States. No benefits will be paid for loss which occurred prior to the effective date of the rider.

Unless amended the by Additional Benefits Rider, certificate definitions and terms and other provisions apply.

DEFINITIONS

Coma means a state of unconsciousness for 30 consecutive days with:

- No reaction to external stimuli; • No reaction to internal needs; and • The use of life support systems.

Paralysis/Paralyzed means the permanent, total, and irreversible loss of muscle function or sensation to the whole of at least two limbs as a result of injury or disease and supported by neurological evidence.

Severe Burn/Severely Burned means cosmetic disfigurement of the surface of a body area not less than 35 square inches due to fire, heat, caustics, electricity, or radiation that is a full-thickness or third-degree burn, as determined by a physician.

A full-thickness or third-degree burn is the destruction of the skin through the entire thickness or depth of the dermis and possibly into underlying tissues, with loss of fluid and sometimes shock, by means of exposure to fire, heat, caustics, electricity, or radiation.

Loss of Speech means the total and permanent loss of the ability to speak as the result of physical injury.

Loss of Hearing means the total and irreversible loss of hearing in both ears. Loss of hearing that can be corrected by the use of any hearing aid or device shall not be considered an irrevocable loss.

Loss of Sight means the total and irreversible loss of all sight in both eyes.

OCCUPATIONAL HIV RIDER

If the coverage outlined in this summary will replace any existing coverage, please be aware that it may be in your best interest to maintain your individual guaranteed-renewable policy.

No benefits will be paid for occupational HIV resulting from a needle stick or sharp injury or a mucous membrane exposure to blood or bloodstained bodily fluid, which occurred prior to the effective date of the rider. We will not pay for any cost incurred for HIV tests or any related testing. No benefits will be paid for HIV contracted outside the United States. Unless amended by the Occupational HIV Rider, certificate definitions and terms and other provisions apply.

DEFINITIONS

HIV means human immunodeficiency virus.

HIV Positive means the presence of HIV antibodies in the blood of an insured as substantiated through both a positive screening test enzyme-linked immunosorbent assay (ELISA) and a positive supplement test, such as the western blot. All such tests must be approved by the Food and Drug Administration (FDA) with the interpretation of positive results as specified by the manufacturer(s).

Occupational HIV means an insured, as a direct result of a covered injury, tests HIV-positive, subject to the following: (1) an incident report (notice of exposure) on a form acceptable to the company, which describes the nature of the exposure to HIV, must be filed with the insured's employer within 48 hours and be sent to the company, as soon as reasonably possible, after the covered injury; (2) the insured must not have previously tested positive for HIV, or if he had previously tested positive for HIV, the insured subsequently tested negative for HIV prior to the date of the covered injury; (3) the insured must have a preliminary screening test, such as an ELISA or other appropriate Food and Drug Administration (FDA) approved test (other than saliva or urine testing), for HIV within 14 days of the covered injury at an authorized laboratory other than the laboratory of his employer. We must receive notification: (a) of the results of that test as soon as reasonably possible; and (b) that the results are negative; and (c) thereafter, the insured must test HIV-positive within 26 weeks of the date of the covered injury reported in item (1) above. We must receive notification of HIV-positive test results as soon as reasonably possible.

Covered Injury means an accidental: (1) cutaneous exposure through abraded skin; (2) percutaneous exposure; or (3) mucocutaneous exposure that occurs while the insured is covered by the rider, actively at work, and performing all the regular duties of his occupation on a full-time basis.

Continental American Insurance Company is not aware of whether you receive benefits from Medicare, Medicaid, or a state variation. If you or a dependent are subject to Medicare, Medicaid, or a state variation, any and all benefits under the plan could be assigned. This means that you may not receive any of the benefits outlined in the plan. Please check the coverage in all health insurance plans you already have or may have before you purchase the insurance outlined in this summary to verify the absence of any assignments or liens.

Notice to Consumer: The coverages provided by Continental American Insurance Company (CAIC) represent supplemental benefits only. They do not constitute comprehensive health insurance coverage and do not satisfy the requirement of minimum essential coverage under the Affordable Care Act. CAIC coverage is not intended to replace or be issued in lieu of major medical coverage. It is designed to supplement a major medical program.
