Tales Archaeologists Tell

When archeologists gather, talk rapidly turns to the strange and wonderful places where we have worked, the weird people we have met, worked for, or crewed with and the often odd events that befall any field crew. Such stories more readily reveal what archaeology is all about than do scholarly journal articles or even popular magazine pieces. The events, situations, places and people that engendered these stories are really why most archaeologists choose the profession in the first place.

OLLI Volunteer Opportunities!

OLLI at the University of Nevada, Reno is member-powered. Volunteers provide instruction, communications, technical support, outreach and help us make important social connections.

We could not provide the array of lifelong learning experiences members enjoy year-round without our volunteers! Please step up and help lighten the load for everyone, plus bring fresh ideas to the table.

Whether you want to spend a few hours a month working from home or prefer to meet regularly with a team of volunteers, OLLI has a variety of ways to get involved.

For more information on volunteer opportunities email olli@unr.edu or call (775) 784-8053.
